

HEAD X3 / HEAD X3 PUMP

FEATURES

- Weight: 361 g / 12,73 oz
- Weight with air pump: 529 g / 18,65 oz
- Length: 230 mm / 9,05 in
- Cover width: 85 mm / 3,34 in
- Cylinder width: 70 mm / 2,75 in

INSTRUCTIONS

Insert up to three tennis or padel balls into the cylinder and screw the lid on. Don't forget to place the O-ring to seal the air inside the product.

Insert the air pump nozzle into the HEAD X3 valve and pump with the lever raised until the pressure gauge reads 29 PSI. Then, close the air pump lever and remove the nozzle.

Attention! Release the air through the valve using the cap before opening the HEAD X3 again.
